

MOBILE USABILITY TEST	P1	P2	P3	P4	P5	P6	TOTAL	SEVERITY	POSSIBLE SOLUTIONS & NEXT STEPS	
<b>Errors - Record and prioritize most critical errors based on your error classification.</b>										
Back arrows are to small to navigate back							3	3	Add an additional option to booke the class on the coach detail page so the user can flow	
Where to go next on the "coach detail" page when booking a group class?							1	2	Adding booking option on coach page	
How to exit without giving a review? / everyone clicked "post"							4	3	More obvious exit option or quick review option	
<b>Observations - What are people Doing, Thinking, and Feeling?</b>										
I think it's better to show the price for the group classes and below the free trial (info page)							1	2		
What does the "my activity" section represent?							5	4	Teach the user (write a note "today" under today's date, "legend" like), Correct the days	
Navigation bar to small							3	3	Increases the size of the navigation bar	
Confused about the recommended coaches / all coaches							4	2	Put all the coaches on one site and make the recommended ones bigger + add an icon	
Why does the question layout change?							1	4	Make all the question layouts same so it doesn't appear like an animation	
Confused why navigation bar doesn't work							4	3	Connect navigation bar (Prototype)	
Confusion about the different classes / all the same category?							2	2	Give a filter option	
I would add the date on the group class info							1	4	Add Date to both confirm screens	
<b>Negative Quotes - Any negative soundbytes?</b>										
Don't reveal the prices to the user (coach) - This is too expensive							4	3	Remove the prices from the free consultation call offer	
Wording on the main dashboard + coach page could be better (negative but also observations)							3	3	Level up the content text, coach details: Education -> Certificates, Reviews -> Testimonials.	
I would like to have more personal insights after finishing a group class / personal training							2	2	Add more insights -> research what is shown like calories / heart rate etc.	
Instead of "next" on question 4 write something like: see recommended coaches							1	2	change "next" on question 4 write something like: see recommended coaches	
Missing something on the reviews / coach detail page add something more personal/fun to the page.							1	2	Add names and photos to the Coach reviews.	
<b>Positive Quotes - Any positive soundbytes?</b>										
The app feels very natural and makes a lot of sense.							5			
I really like the schuedule visuals							3
